INTRODUCTION

WORDS FROM OUR CLIENTS

MARTIN CONSTRUCTION SERVICES • OXFORD, GEORGIA

"For general contractor firms and architectural firms who are seeking to better their RFPs and the deliverables that they offer to prospective design/build church clients, I cannot think of a more powerful added-value than the church fund-raising communications product, process and team of Communications Team Outfitters™! I have seen Communications Team Outfitters™ grow from an idea to a full-blown communications solution company with loads of useful features that are a perfect added-value for firms who seek to bring better deliverable to their church clients. The approach of this company (and this great product) is well on its way to becoming the recognized leader in "communications" within the church fund-raising arena. They work with churches (and stewardship firms who assist churches) all over the U.S. to help them in their need to communicate their vision and story as it relates to stewardship and fund-raising. It is the premier tool (and team) to bring alongside your design/build process, and in turn, bring great assistance to your church clients! Don't miss out. Get them on your team ...and in you RFPs!"

EASTSIDE BAPTIST CHURCH • MARIETTA, GEORGIA

"I would like to take this opportunity to endorse Communications Team Outfitters™ for the great work you did for us at Eastside. I have to confess that when we began our fundraising efforts, I really questioned whether or not we could pull together all the marketing pieces needed to facilitate the building of our youth and childrens' facility.

Looking back, I know it never would have been successful without you.

The factors in our success came from the FOUR big benefits of this web interface approach to campaign communications:

- 1.) FREE Communications Consulting to Help Determine Communications Direction
- 2.) Custom Logo Development using the aid of Online Logo Samples for Ideas
- 3.) Templated Solutions for Design and Printing...with an Easy Process
- 4.) Quick Pricing for Design & Printing Packages and Turn-key Printing & Delivery

I fully endorse Communications Team Outfitters™ ...and I would be happy to speak with anyone considering a similar project."
